

Food

The smells and sounds of the market draw you near. The tables are piled with fresh baked bread, vegetables, tofu and rice. Chickens cluck and ducks quack. In a pen not far away, a cow moos at the passing crowd.

The villagers have many animals. They help to produce food or are a source of food. There are:

- 31 sheep and goats
- 23 cows, bulls and oxen
- 15 pigs
- 3 camels
- 2 horses
- 250 chickens — yes, there are more than twice as many chickens as people in the global village!

There is no shortage of food in the global village. If all the food were divided equally, everyone would have enough to eat. But the food isn't divided equally. So although there is enough to feed the villagers, not everyone is well fed:

- 50 people do not have a reliable source of food and are hungry some or all of the time.
- 16 other people are severely undernourished.

Only 34 people always have enough to eat.
