

March 2020 Pre-K Newsletter

LUCK OF THE PRESCHOOLER

Julie and I certainly feel LUCKY to work with your children each day! As March rolls in, we will take some time in Pre-K to discuss just how truly LUCKY we all are.

This month we will learn about letters S, T, U and V. We will continue to actively review all the letters we have learned so far, including our “top down” writing and letter sounds.

In math we will give attention to our subitizing skills, focusing on recognizing the value of a group without counting. We will also introduce the values of American currency and have some fun with the concept of purchasing items with money.

We will work extra hard on following a series of instructions, three directions at a time. Try this at home 😊

We will go outside to run and play any chance we get. Send coats if needed.

• March 2-5: “S” Week

- “S” Week Show & Tell Mon. 3/2
