

# the Bugle

One of my professors in college believed February is a short month so we do not have to tolerate it as long. In Nebraska (and most of the Midwest), the snow that remains piled along roadways and walkways is dirty, the trees are bare and leafless, and any lawn that is exposed is packed down, brown, and lifeless. February for many of us is as colorless as a 1950's tv show. Move along, February, we want Spring and the vibrancy of color again. In the same way, we can equate the lingering pandemic to how my music professor defined February. Move along, Covid. You have inconvenienced us, caused us hardship, suffering and even grief far too long. We want the freedom and the vibrancy of life again. Even while we long for changes, and think life has stopped, we know that Spring is coming and life through and beyond this pandemic defined time of life is also coming. We just do not know when. But what if the reality exists and we are renewed in spite of what we can see?

Two different books come to mind for me. One is the book I am working through this winter called *The Nature of Oaks* and one Karen read along with Salem's book club last September, *Growing Slow*. These two books paint a very different picture of the seasons of the year than what we often experience and they are worth reflecting on in this fallow time of year. Doug Tallamy describes oak trees as highly valued not only for their beauty and long-life but also that they support hundreds of different species that help feed nature's hungry critters and enrich the nutrients of the soil. They grow slowly but they are strong and important trees among the many species that grow and thrive in many soil conditions. In

the other book, Jennifer Dukes Lee offers a path to unhurried living by returning to the rhythm of the land and learning the ancient art of *Growing Slow*. Lee points out that there is value to an unhurried life and makes the analogy that even when the leaves have fallen and the branches have stopped their growth, there is another kind of growth that is slowly at work as the energy of the plant shifts from growing leaves, flowers, and branches and instead growth takes place in the roots. **What if** when we see no hope for growth and life, there is growth taking place out of sight but just as abundantly? **What if** roots are forming, strengthening, and storing nutrients so that when the warmth of Spring returns, life

breaks forth again? **What if** it is the same for human life as it is for plant life? **What if** there is growth taking place beneath the surface of life because of the Spirit's work within us? It might just be that there is value to an unhurried life, a slower kind of growth that sustains and promotes growth for the next seasons of life.

Perhaps February is not so difficult to tolerate after all and is worth savoring for all its four full weeks. **What if** this is a time, a good time, to worship, study, reflect and dwell in God's word so that our faith is deepened, enriched, nurtured, and better equipped to burst forth in new and abundant life when the dawn of Spring returns? **What if???**

## Learn More About Over-the-Counter Medication

Being cautious and knowledgeable about taking over-the counter (OTC) medications is important for all - adults and children. Here are a few safety tips if you take OTCs whether you take them on a regular or temporary basis:

- When in doubt, ask first – don't guess, ask your doctor or pharmacist
- Make sure the doctor knows all the OTCs being taken before they write a new prescription. This includes keeping regular OTCs, like vitamins and supplements, on your medication list
- The reverse is true also, before taking an OTC, check with the doctor or pharmacist if any conflicts with a prescription medication
- For children, know their weight so you can give the proper dose; give babies and children only those medicines formulated for their weight and age
- Follow the directions on the label carefully – be sure to read the entire label
- Use the specific dropper, dosing cup or other device that comes with liquid OTCs
- If using multiple OTCs, watch for both duplicate ingredients and usage
- With children, emphasize that OTCs are not candy and they should not touch or taste them on their own

## FAITH FORMATION February Book Club

In an era where we seem to be increasingly divided along racial lines, many are hesitant to step into the gap, fearful of saying or doing the wrong thing. At times the silence, particularly within the church, seems deafening. But change begins with an honest conversation among a group of Christians willing to give a voice to unspoken hurts, hidden fears, and mounting tensions. These ongoing dialogues have formed the foundation of a global movement called Be the Bridge—a nonprofit organization whose goal is to equip the church to have a distinctive and transformative response to racism and racial division. In this perspective-shifting book, founder Latasha Morrison shows how you can participate in this incredible work and replicate it in your own community. With conviction and grace, she examines the historical complexities of

racism. She expertly applies Biblical principles, such as lamentation, confession, and forgiveness, to lay the framework for restoration. Along with prayers, discussion questions, and other resources to enhance group engagement, *Be the Bridge* presents a compelling vision of what it means for every follower of Jesus to become a bridge builder—committed to pursuing justice and racial unity in light of the gospel.

## OUTREACH MINISTRY

# Salem Family to take on HOMELESSNESS in February

The pandemic has been devastating for those experiencing homelessness in our community.

**Gimme Shelter** is an event hosted by Phoenix Community Development Services to give Peoria area citizens an opportunity to help in the fight to end homelessness in Central Illinois and to raise awareness of the challenges faced by those without homes.

**Gimme Shelter** will be held the evening of **Friday, Feb 25, 2022**. Salem will be participating in fundraising for this event throughout the month of February. The Salem Gimme Shelter Team will have participants at the in-person, outdoor overnight event at the RiverPlex from 6pm Friday evening until 6am Saturday morning and in other locations – some even virtually from their home or garage. Some will stay in a cardboard box or a vehicle.

All to experience a bit of what it might be like to be outside, overnight, in the Central Illinois cold. Proceeds from **Gimme Shelter** will benefit Phoenix Community Development Services and support our continuing efforts to provide permanent supportive housing and homeless outreach services to end homelessness in our community.

**Gimme Shelter** will:

- Bring our community together
- Raise awareness of the plight of those with nowhere to call home
- Provide a powerful opportunity to learn more about homelessness.

## A NIGHT TO END HOMELESSNESS

### February 25-26, 2022

Watch for a variety of opportunities in February at Salem to learn more about the causes of homelessness and specific needs in our community; to pray for those without a place to call home; and to contribute through fundraising opportunities.

## Success Story

### LUTHERAN WOMEN OF GREATER PEORIA

Did you realize that Lutheran Women of Greater Peoria (LWGP) is dependent upon your donations to The Church Mouse? Your generosity helps us help others! LWGP was able to raise \$42,000 in 2021, despite covid restrictions. The money was divided evenly between Lutheran Hillside Village (LHV) and Lutheran Social Services of Illinois (LSSI). LSSI uses the donations to fund their childrens' services, both locally and statewide.

LWGP was able to fulfill the wish lists of many different departments at LHV. Equipment for Physical Therapy and the Wellness Center was purchased, a new scanner for the business office has been put to use, and two CoaguCheck machines will be purchased soon.

The next time you find yourself in the mood for "spring cleaning" and have gently used items that someone else may need, please remember The Church Mouse, 600 West Main, Peoria, near the campus of Bradley University. The Church Mouse accepts donations Mon-Sat, 10am-3pm around the back of the building. Questions? Contact Joan Ressler or Shirley Lewis at (309) 673-2363.

## Prayer Ministry

Prayer is an act of Communication with God. Galatians 6:2 says that prayer eases others' burdens.

Today, knitters and crocheters of all faiths are creating handmade shawls for people in need, as gifts of comfort, hope and peace. Although we were unable to physically reach out and touch members and friends in pain, we could wrap them in the love of our great Lord with a simple prayer shawl. Any member can request a prayer shawl to deliver to family or friends in need.

Are you looking for a project during these cold winter evenings ahead? If so, please put your needles and hooks to good use bringing comfort and prayers to those in need by getting involved with Salem's Prayer Shawl Ministry. The shawl maker begins with prayer and blessings for the "recipient" and continues to pray and meditate as the shawl is created.

Yarn we have; workers we could use to turn donated yarn into beautiful comforting shawls. Pattern suggestions are available if needed. If interested in helping, please contact Jeanne Setterlund: settej@mtco.com or the church office for more information.

*In the journey of life, wherever God takes us,  
His love will go with us.*

### A NOTE FROM PASTOR KRISTEN SCHMID

Dear Salem Family,

As I celebrate my one-year anniversary as a pastor. I think fondly of all of you, and wish everyone at Salem well as we begin a new year. It has been a time of big adjustments for us, as it has been for many, but also a year of gratitude and blessings. While I certainly had a steep learning curve this past year. I also had and continue to have a sense of deep joy and appreciation for all who helped me answer God's call, including all of you. The people at both churches I serve have been very welcoming and supportive.

Ted has been taking online classes in data visualization and learning to make impressive looking charts and graphics. The boys are making friends here in Logansport, and I am now the only member of our family who is not a percussionist.

Wishing you all health, peace and joy in the coming year,  
Kristin Schmid

## FAITH FORMATION Milestone Quilts

### HIGH SCHOOL SENIORS

If you have a senior in high school, we would love to provide them with a t-shirt quilt celebrating the milestone of High School graduation. What we need from parents to get started is 10 personal t-shirts that represent activities, places, organizations that have been meaningful to your son or daughter during their childhood and high school years. Students and families have chosen sports teams, band shirts, school shirts, vacation t-shirts, in addition

to Vacation Bible School and youth group shirts. The Salem quilting group adds a couple congregational specific squares and helps put together a beautiful representation of your son or daughter's faith forming years at Salem and beyond. We hope to have the quilts ready to present for Graduation Sunday in May 2022. You can drop t-shirts off at the church office or give them to Jill Goldhammer. Please be sure your student's name is on the box or bag and on any individual t-shirts you drop off.

### SALEM QUILTING GROUP

A wide variety of skills are needed to work on the milestone quilts. If you are a seasoned quilter or someone who sews, or even someone who can cut the t-shirts into squares and are willing to help, you are encouraged to let Jill Goldhammer or Rebecca Sipf know. You can

work on your own at home or get together in small groups at church. An important part of this ministry is praying for the young people and their families as they approach this important milestone and for their future as they continue to grow in Christ to love and serve.

### SHAWN SMITH

Shawn's music and message is fun and meaningful for all ages! Mark your calendars and plan to join in from your living room as we celebrate with praise, worship and gratitude to God for the variety of blessings in our lives.
